

Celery

FOR RETAIL

With a flavor profile described as “earthy, grassy, astringent, and parsley-like” Celery is one of the most versatile vegetables in the produce department. Sautéed Celery is the third vegetable partner in the “Holy Trinity” of Cajun cuisine and French mirepoix, plus an essential ingredient in American stuffing. Multiple growing regions allow Celery to be sourced throughout the year, making it easy for retail partners to stock year-round.

Selecting Celery

Celery should be firm and unblemished with crisp, straight stalks that break easily when snapped. Leaves should be clean and green (not yellow) with no wilting.

Storage & Handling

For maximum shelf life and freshness, store Celery in 34-36 degree F refrigeration. Keep Celery away from ethylene-producing fruits and ripening rooms. Celery absorbs odors from other commodities such as apples and onions and should not be stored near them. Follow good rotation practices; first shipments received should be merchandised first.

About Duda Farm Fresh Foods

Growing in the most fertile land in the United States and closely monitored to meet our high safety standards, Duda Farm Fresh Foods has been delivering the best quality fruits and vegetables for the last 100 years. Our regional growing program enables year-round availability of a wide range of products packed in our well-known Dandy® brand. Through an extensive alliance of grower partners both nationally and internationally, Duda is a trusted single-source provider of the fresh produce consumers crave.

Duda Farm Fresh Foods’ broad range of products are sold under the Dandy® brand, making us a single-source solution for fresh produce. We take pride in assuring our customers year-round availability, quality, and safety they can count on. Based on external benchmarking, our company ranks in the very top tier of producers, growers, packers, processors and shippers in the measurements of farms and ranches, harvesting, and facilities.
